

## Arcon-Hair Shampoo

Hair shampoo with fenugreek seed concentrate, grain protein and pro-vitamin B5: For the soap-free cleansing and care of your hair.

**Fenugreek** has been cultivated in India, the Middle East and Egypt for centuries, and it is highly valued for its wide variety of salubrious characteristics. Since time immemorial it been externally utilised for strengthening and invigoration of the hair. Arcon utilises a patented fenugreek seed concentrate for strengthening the hair and scalp. Amongst other things, the seed contains substances which can stimulate the scalp's blood supply.

**Grain protein** is a natural plant protein with a "hair-repair effect". It increases the moisture content of the hair and the scalp. Grain protein improves the hair structure and lends the hair its shine.

**Calcium pantothenate (pro-vitamin B5)** is also a natural moisturiser with strong care character for skin and hair.

Thanks to its regenerating characteristics, Fenugreek + Grain Protein Hair Shampoo is suitable for any type of hair and for daily hair washing.
